Independent Accountant's Compilation Report

The Board of Directors Granite Education Foundation

Management is responsible for the accompanying financial statements of **Granite Education Foundation** (a nonprofit organization, the "Foundation"), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Notes to the Financial Statements For the Year Ended June 30, 2020

1. ORGANIZATION

Recognized as one of the nation's foremost educational foundations, **Granite Education Foundation** (the Foundation) is no ordinary organization. The institution facilitates working programs and in-kind donations that benefit over 64,000 students and 2,800 teachers on a regular basis in one of the largest school districts in the nation. Through its outreach and partnerships with local and national business entities, the Foundation encourages others to make a direct and meaningful impact on children in public education.

With over 100 languages and dialects spoken in the Granite School District and with 65% of the student population at or below national poverty standards, the needs are great and multiplying at an alarming rate. Many families struggle with food insecurities, biological and physiological needs, as well as safety and other deficiencies. Through cash contributions, inkind donations and the service and good will of many corporations, businesses, and individuals, the **Granite Education Foundation** is making great strides in providing access to resources that improve educational outcomes.

The Foundation is included as part of the audited financial statements of Granite School District (the School District) as a blended component unit. The Foundation relies heavily on the School District for support. See related party footnote below for more detail on support provided by the School District.

<u>Mission</u>

Improve educational outcomes by strengthening the Granite School District community.

Vision

Prepare Granite School District students with opportunities to succeed in college, career, and life.

<u>Role</u>

The role of the Foundation is to obtain private support and public engagement for Granite District schools and students. As a 501(c)(3) charitable organization, the Foundation provides funding and support that is typically more flexible than restricted tax dollars. The funding and extra resources for students, teachers, and schools helps to cover the gap that exists between school budgets and what is needed to ensure academic success.

The concept of the Foundation is simple but practical. The Foundation works to facilitate through business and education partnerships, the fostering of programs, alliances, and resources to impact student learning and assist educators within the public school system. The Foundation supports these areas through programs, partnerships, and advocacy initiatives.

Programs

Organizational programs improve student achievement, lessen student dropout, provide assistance and opportunities for students of low income families, support creative classroom projects and honor selected individuals who have made an impact in our schools.

Notes to the Financial Statements For the Year Ended June 30, 2020

1. ORGANIZATION (Continued)

Partnerships

The Foundation builds bridges between students, schools, and the community. The Foundation helps connect the talents and resources of citizens, parents, businesses and nonprofit organizations with the educational interests and needs of children and schools.

Advocacy

The Foundation solicits the crucially needed resources essential to bridge budget disparities, reduce inequities and create opportunities for ALL students and their families.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) and follow the guidance in ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities.*

Cash and Cash Equivalents

The Foundation considers all cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to building projects, endowments that are perpetual in nature, or other long-term purposes are excluded from this definition.

Receivables

Accounts receivable consist primarily of noninterest-bearing amounts due for services, educational, and training programs. The Foundation determines the allowance for uncollectable accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. At June 30, 2020, there was no balance for accounts receivable and no related allowance.

Promises to Give

The Foundation records unconditional promises to give that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statements of activities. The Foundation determines the allowance for uncollectable promises to give based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Promises to give are written off when deemed uncollectable. At June 30, 2020, there was no balance for promises to give and no related allowance.

Notes to the Financial Statements For the Year Ended June 30, 2020

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investments

The Foundation records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the statements of financial position. Net investment return/(loss) is reported in the statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Inventory

Inventory consists of purchased and donated items. Items are recorded at estimated fair value at time of donation or at cost for purchased items. Items held in inventory at year end includes items being held for auction as well as items that will be donated to schools and individuals.

Property and Equipment

The Foundation records property and equipment additions over \$1,000 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statement of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Foundation reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2020.

Fair Value Measurements

The Foundation reports certain assets at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available.

Notes to the Financial Statements For the Year Ended June 30, 2020

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)

A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, the Foundation develops inputs using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to our assessment of the quality, risk, or liquidity profile of the asset or liability.

The Foundation uses net asset value (NAV) per share, or its equivalent, such as member units or an ownership interest in partners' capital, as a practical expedient to estimate the fair values of certain hedge funds, private equity funds, funds of funds, and limited partnerships, which do not have readily determinable fair values. Investments that are measured at fair value using NAV per share as a practical expedient are not classified in the fair value hierarchy.

Agency Payables

The Foundation accepts funds from individuals and other organizations who desire to have the Foundation act as an intermediary in ensuring those funds are donated to and used for the identified cause. A liability is recorded for the value of these donated funds until such time that the funds have been used for the intended purpose.

Notes to the Financial Statements For the Year Ended June 30, 2020

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor or certain grantor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor or grantor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions and Revenue Recognition

Revenue is recognized when earned. Program service fees are deferred to the applicable period in which the related services are performed or expenditures are incurred, respectively.

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

The Foundation is the recipient of a variety of donated goods. It is also the recipient of donated services that create or enhance non-financial assets; or that require specialized skills, are provided by individuals possessing those skills and would need to be purchased if not provided by volunteers. The goods and services are recorded at their fair value in the year they are performed or received (see Note 7).

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Volunteers contributed approximately 1,400 hours of service during the year ended June 30, 2020.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs incurred during the year ended June 30, 2020 totaled \$40.

Notes to the Financial Statements For the Year Ended June 30, 2020

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include occupancy, depreciation, donated services, donated supplies and other support, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Foundation is organized as a Utah nonprofit corporation and has been recognized by the IRS as exempt from federal income taxes under IRC Section 501(a) as organizations described in IRC Section 501(c)(3), qualify for the charitable contribution deduction under IRC Sections 170(b)(1)(A)(vi) and (viii), and have been determined not to be private foundations under IRC Sections 509(a)(1) and (3), respectively. The entity is required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the entity is subject to income tax on net income that is derived from business activities that are unrelated to their exempt purposes. The Foundation has determined that the entity is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

ASC Topic 740, Income Taxes, provides guidance on how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation by management of tax positions taken or expected to be taken in preparation of the Foundation's tax returns to determine if the positions are more-likely-than-not of being sustained if examined by the taxing authorities. Management has determined there are no uncertain income tax positions. Generally, tax years remain open to examination for three years from the date filed with the IRS.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Financial Instruments and Credit Risk

The Foundation manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed by us to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the Foundation has not experienced losses in any of these accounts. Investments are made by an investment managers whose performance is monitored by us and the Board of Directors. Although the fair values of investments are subject to fluctuation on a year-to-year basis, the Foundation believes that the investment policies and guidelines are prudent for the long-term welfare of the Foundation.

Notes to the Financial Statements For the Year Ended June 30, 2020

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Standards

During the year ended June 30, 2020, the Foundation adopted ASU 2018-09, Not-For-Profit Entities (Topic 958): Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made. The amendments in this update provide a more robust framework for determining whether a transaction should be accounted for as a contribution or an exchange transaction. This update has been applied retrospectively to all periods presented. However, the revenue recognized in prior periods was not modified as a result of adopting this guidance retrospectively.

Additionally, the Foundation has adopted ASU 2014-09, Revenue from Contracts with Customers (Topic 606). Analysis of various provisions of this standard resulted in no significant changes in the way the Foundation recognizes revenue, and therefore no changes to the previously issued audited financial statements were required on a retrospective basis. The presentation and disclosures of revenue have been enhanced in accordance with the standard.

Recent Accounting Guidance

In March of 2016, the FASB issued ASU 2016-02, *Leases*, which requires all leases that have a term of more than 12 months to be recognized as assets and liabilities on the balance sheet at inception. A lessee would recognize a lease liability to make lease payments owed to a lessor (liability) and a benefit for the right to use the leased asset (asset) for the lease term. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee would depend on whether the lessee is expected to consume more than an insignificant portion of the economic benefits embedded in the underlying asset. This new guidance is effective for fiscal years beginning after December 15, 2021.

In September of 2020, the FASB issued ASU 2020-07, Presentation and Disclosures by Notfor-Profit Entities for Contributed Nonfinancial Assets, which increases the transparency of contributed nonfinancial assets for not-for-profit entities through enhancements to presentation and disclosure requirements. The amendments in this update require organizations to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash and other financial assets.

Additionally, organizations are required to enhance disclosures by disaggregating the amount of nonfinancial assets recognized within the statement of activities by type of contributed nonfinancial asset and providing additional qualitative information for each disaggregated category. This new guidance is effective for fiscal years beginning after June 15, 2021. The Foundation is currently in the process of evaluating the impacts this update will have on the presentation of its financial statements

Notes to the Financial Statements For the Year Ended June 30, 2020

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Recent Accounting Guidance (Continued)

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement.* As part of the FASB's disclosure framework project, it has eliminated, amended and added disclosure requirements for fair value measurements. Entities will no longer be required to disclose the amount of, and reasons for, transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing of transfers between levels of the fair value hierarchy and the valuation processes for Level 3 fair value measurements. Public companies will be required to disclose the range and weighted average used to develop significant unobservable inputs for Level 3 fair value measurements. This update is effective for periods beginning after December 15, 2019. Early adoption is permitted as of the beginning of any interim or annual reporting period. The Foundation does not believe it will materially impact the disclosures.

3. LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

Description of Financial Asset	Gr	oss Amount	 available for General xpenditures	Cash	ilable to Meet Needs Within One Year
Cash and cash equivalents	\$	458,031	\$ -	\$	458,031
Operating investments		2,674,831	(1,487,840)		1,186,991
				\$	1,645,022

As part of the Foundation's liquidity management plan, the Foundation invests cash in mutual funds, equities, and pooled separate accounts. Amounts unavailable for general expenditures include donor restricted net assets and agency funds.

Notes to the Financial Statements For the Year Ended June 30, 2020

4. FAIR VALUE MEASUREMENTS AND INVESTMENT INCOME DISCLOSURES

The following table presents assets measured at fair value on a recurring basis, at June 30, 2020:

	Fair Value Measurements at Report Date Using									
		Total		Level 1	Le	vel 2	Le	vel 3	Mea	estments asuredat NAV (a)
Operating investments										
Mutual funds	\$	703,333	\$	703,333	\$	-	\$	-	\$	-
Equities		1,227,890		1,227,890		-		-		-
Pooled separate accounts		743,608		-		-		-		743,608
	\$	2,674,831	\$	1,931,223	\$	-	\$	-	\$	743,608

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There are no circumstances under which the pooled separate accounts would not be redeemable.

Net investment income consisted of the following for the year ended June 30, 2020:

Realized and unrealized gains	\$ (73,975)
Dividends	54,380
Interest	 402
Net investment income	\$ (19,193)

5. PROPERTY AND EQUIPMENT

Property and equipment consists of the following at June 30, 2020:

Less accumulated depreciation and amortization Total property and equipment, net	•	(68,156) 308,597
Total property and equipment		376,753
Equipment Vehicles	\$	215,335 161,418

Depreciation expense totaled \$32,458 for the year ended June 30, 2020.

Notes to the Financial Statements For the Year Ended June 30, 2020

6. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted for the following purposes as of June 30, 2020:

Subject to expenditure for specified purpose:

Scholarships	\$ 244,919
Student assistance	204,253
Student programs	6,133
Grants	 333,702
	\$ 789,007

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows for the year ended June 30, 2020:

Satisfaction of purpose restrictions	
Scholarships	\$ 22,604
Student assistance	257,618
Student programs	2,372
Teacher/ Staff programs	 173,318
	\$ 455,912

7. DONATED ADMINISTRATIVE SERVICES AND MATERIALS

The Foundation received donated administrative services, rent, and supplies as follows during the year ended June 30, 2020:

	Program services		Management and general		Fundraising and development		Total	
June 30, 2020								
Services	\$	533,407	\$	-	\$	-	\$	533,407
Rent and utilities		23,985		-		-		23,985
Supplies and other support		30,300		-		-		30,300
	\$	587,692	\$	-	\$	-	\$	587,692

8. RELATED PARTY TRANSACTIONS

During the year ended June 30, 2020, the Foundation received in-kind donations from Granite School District totaling \$587,692 for building rent and utilities, supplies, and wages of individuals working for the entity.

Notes to the Financial Statements For the Year Ended June 30, 2020

9. AGENCY TRANSACTIONS

At June 30, 2020, the Foundation held assets for other related entities as well as assets for which a purpose had been designated where the Foundation was acting as an intermediary. These entities are considered related parties due to their affiliation with the Granite School District, of which the Foundation is a component unit. The following summarizes the activity in such funds for the year ended June 30, 2020:

Agency funds, beginning of year	\$ 650,021
Funds disbursed for intended purpose	(294,354)
Donations received	 343,166
Agency funds, end of year	\$ 698,833

In addition to the items noted above, the Foundation acted as agent in receiving and remitting items to intended beneficiaries valued at approximately \$2,180,340. This includes items such as backpacks and other school supplies, holiday assistance, clothing vouchers, teacher support, grants for classrooms, bus passes, coats and other clothing, hygiene kits, health exams, household items, food, and other items.

10. COMMITMENTS

Beginning March 26, 2019, the Foundation entered into a lease agreement for warehouse space. The lease expires May 31, 2024. Rent expense was \$103,789 for the year ended June 30, 2019. Future minimum lease payments are as follows:

For the years ending June 30,	
2021	\$ 106,909
2022	110,188
2023	113,466
2024	106,765
Thereafter	 -
	\$ 437,328

11. BOARD DESIGNATIONS

The Foundation's board has designated net assets without donor restrictions to be used for specific purposes. The board has designated that \$132 be used for scholarships and \$22,232 for educators.

Notes to the Financial Statements For the Year Ended June 30, 2020

12. SUBSEQUENT EVENTS

Subsequent events have been considered through the date of this report, which is the date the financial statements were available to be issued. No events have occurred subsequent to June 30, 2020, which would have a material effect on the financial condition of the Foundation.

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The subsequent COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of various industry business operations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. While the Foundation expects this matter to impact its operating results, the related financial impact and duration cannot be reasonably estimated at this time.
