

HAIR KITS

Many impoverished students in our schools don't have access to hair care. Hair kits provide the necessary tools to help these young students and give them an extra boost of confidence. It's not uncommon to see educators, bus drivers and even crossing guards doing young girls' hair.

These kits include:

A hairbrush

Small comb

Hair elastics (no tangle)

Elastic headbands

Nail polish

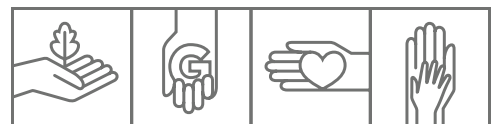

Lip gloss/balm (flavored)

Assemble items in a 8"x14" cellophane bag tied with a decorative ribbon

Please deliver completed kits in small/med. size boxes.
